Proceedings

All accepted (Registered & Presented) papers of ICMME 2022 will be collected in the conference proceedings and indexed by EI Compendex and Scopus, etc.

Topics

- Mechanical Engineering
- Aerospace Systems and Technology
- Computational Fluid Dynamics
- Design and Manufacturing
- Energy Management
- Fluid Dynamics
- Industrial Tribology
- Advanced Motion Control
- Intelligent Control
- System Integration
- Sensors and Actuators and Networks
- Mechatronics
- Solid Mechanics
